

Palm Court Grill

Davenport's Palm Court Grill has a new look and new menu!

SPOKANE, WA. – The historic Davenport Hotel's Palm Court Grill is celebrating a major renovation which took place in October 2011. Owner Walt Worthy described, "After almost 10 years in business it was time to update the dining room. We wanted to add additional seating, especially for large parties, as well as a bar right in the restaurant. We will offer only USDA prime grade steaks and prime rib, and will continue to focus on the highest quality for all menu items. It was important that we lower our menu prices and make it less of a destination for only special occasions, and turn it into a destination for everyday occasions."

Historic pictures, some never seen, were added throughout the restaurant to celebrate the rich history of Davenport dining throughout the nearly 100 years of the hotel's existence.

Also, Happy hour is offered 4-6pm daily, with half priced drinks in the bar.
