The Davenport Grand Hotel Announces Opening of Outdoor Igloos

(Spokane, WA) -

The Davenport Grand Hotel is excited to announce the opening of their new Outdoor Terrace Igloos located on the 2nd Floor Terrace at The Davenport Grand Hotel. The igloos are set to open on Wednesday, January 15th and run daily through March.

Sip on signature cocktails and enjoy impressive views of Spokane's iconic Riverfront Park and city skyline in these luxurious domes. The all-new wintertime igloos are designed for 2-4 guests, but can comfortably seat up to 6 guests for a memorable night under the stars. All of the heated igloos include plug-ins so the guest can listen to their choice of music right from their cell phone. Reservations are required, and bookings are available daily from 5PM-10:30PM, with the last reservation taken at 9PM. Book online at thedavenportgrand.com. Back-to-back bookings are not permitted, but guests are able to rent multiple igloos at one time for larger parties. You can secure all six of the igloos for the entire evening if desired - please visit thedavenportgrand.com for more details.

There are three 'Grand Igloo Packages' to choose from, in which all bookings are by reservation only. All packages include 1.5 hours in a private igloo, a \$100 bar credit and complimentary parking at The Grand (space permitting). The Packages are as follows:

- Grand Igloo Package | \$250 | 2-4 guests, + \$12 per additional guest (up to 6)**
- Grand Igloo Premier Package | \$300 | 2-4 guests, + \$16 per additional guest (up to 6)**
- Grand Igloo Celebration Package | \$250 | 2-4 guests, + \$12 per additional guest (up to 6)**

All ages are allowed in these family-friendly igloos - this fun frosty escape is the perfect winter experience for families, couples, a girls getaway or guys night out. Reservations can be booked online at thedavenportgrand.com.

The attire for this frost-kissed outing is 'cozy resort casual'. Fur coats and hats are not required, but highly recommended in order to attain the full winter wonderland experience. While the igloos are indeed slightly heated, they will be approximately 5° warmer than the outside temperature. A jacket, warm footwear and layers are highly recommended, and The Davenport will provide ample throws and cozy seating to help keep guests warm and toasty.
